

**Regular Meeting - Agenda**

Wednesday, September 20, 2017

5:30 PM

Mayor's Conference Room

Egg Harbor Township MUA

3515 Bargaintown Road

Egg Harbor Township, NJ 08234

(609) 926-2671

**Opening Statement Pursuant to the Open Public Meetings Act**

**Roll Call & Flag Salute**

**General Public Discussion**

**Applications / Project Status**

**Resolution Memorialization**

- ~ **Resolution #47 – 2017** [Sewer Extension – Preliminary Approval]  
Block 2112, Lot 3 [6814 Black Horse Pike – Lidl Operations, LLC]

**Engineer Report**

- ~ **Resolution #55 – 2017** [Certification of Funds – Contract Extension]  
Contract #93 – Repair & Maintenance [\$ 186,328.60]
- ~ **Resolution #56 – 2017** [Certification of Funds – Contract Change Order]  
Contract #95 – English Creek Cleanout repair [- \$25,340.74]
- ~ **Resolution #57 – 2017** [Certification of Funds – Contract Change Order]  
Contract #100 – Windsor Cleanout repair [- \$2,692.90]
- ~ NJ State Transportation Agreement  
Route 40 Atlantic County Drainage Project

**Treasurer's Report**

- ~ **Resolution #58 – 2017** [Approve Bill List for Operating Account]
- ~ **Resolution #59 – 2017** [Approve Bill List for Developer Account]

**Administrative Report**

- ~ Approval of August 2017 minutes
- ~ **Resolution #60 – 2017** [August Adjustments]
- ~ **Resolution #61 – 2017** [Renewal - NJ Utility Authorities Joint Insurance Fund]

**Other Business** (not listed on the Agenda)

**Closed Session** (If Necessary)

**Adjournment**

*Formal action may or may not be taken.*

**Engineer's Report**  
**Egg Harbor Township MUA**  
**September 20, 2017**

**Engineering Projects**

**1. Emergency Maintenance Contract**

Kline Construction completed maintenance work at the Cardiff Pump Station, repairing a portion of the concrete around the wet well. They also completed repairs to the asphalt apron at the Bayport Pump Station.

We have recommended a payment in the amount of \$3,670.00 from the Operating Account for the work completed.

**2. ACUA Contract Administration**

The maintenance logs from the ACUA have been normal over the past month. As noted in last month's report the ACUA replaced the wear rings in the pumps at the Country Aire station at the end of August. The ACUA have notified us that the impellers are also worn and need to be replaced. We authorized the ACUA to order the replacement impellers at a total cost of \$2,600.00.

There are currently three stations operating with a single pump. We received a quote in the amount of \$7,465.00 from Lockwood Electric to repair pump no. 1 from the Island Inn station. The ACUA is obtaining pricing for a replacement model.

One pump is currently operational at the Reserves station due to a failure of a variable frequency drive. We have obtained pricing for a replacement model from Benshaw at a cost of \$950.00.

Earlier this month pump no. 1 at the Delaware station experienced seal and thermal failures. Since the pump is less than an year old it was sent to Willier for service under the warranty coverage. Pump no. 2 failed this week and created a situation with no operational pumps. An old pump was taken from the stock at the Woodrow station yard and put into temporary operation. We have obtained pricing for a new KSB pump to replace pump no. 2 since it is original to the station. The replacement pump cost is \$4,760.00.

### 3. Wet Well Cleaning Contract Administration

Caprioni Family Septic assisted with bypassing of the Trailer Park station during the repair to the force main at the Trailer Park station in August. Caprioni completed the normally scheduled basket and wet well cleanings this past month and also completed preventative maintenance jetting in several areas selected by the Authority Operator.

We have recommended a payment in the amount of \$13,207.21 from the Operating Account for the work completed in August.

The current Wet Well Contract will expire on October 31, 2017. Both of the one-year extensions have been utilized so our office will begin preparing the updated contract documents to bid the work later this month for award at the October meeting. The new contract will take effect as of November 1, 2017.

### 4. Spills

There were no spill incidents within the last month.

### 5. Trailer Park Force Main Repair & Realignment

Last month the Atlantic County Engineering Department hired Arthur Henry, Inc. to repair a sink hole and damaged stormwater line located along Old Egg Harbor Road between Fire Road and the Black Horse Pike. As they excavated the stormwater line going towards the Trailer Park pump station they located an eight-inch (8") ductile iron main crossing their path running across the roadway.

After checking the operation of the station it was determined the eight-inch (8") main was actually the force main for the Trailer Park pump station. The Authority as-builts had indicated the force main extended from the station and ran parallel with Old Egg Harbor Road and crossed Fire Road in a southerly direction.

During the initial excavation and continual disturbance, the force main began to leak and needed to be repaired. Since Arthur Henry, Inc. was already on-site with a crew and various pieces of equipment we directed them to repair the force main, once they agreed to complete the work under the current maintenance contract unit pricing. As the main was repaired, we also directed Henry to realign the force main out of the path of the County stormwater to prevent future conflicts.

We have recommended a payment in the amount of \$12,625.19 for the repair and realignment work.

### 6. North Mount Airy Extension

The contractor, Perna-Finnigan, Inc. has completed the installation of the proposed gravity mains and sanitary sewer laterals. All temporary restoration has been completed. We anticipate the final roadway restoration will be completed sometime in November to allow for a sufficient settlement period.

We have recommended a payment in the amount of \$102,077.06 for the work completed to date.

7. **Miami Pump Station Elimination**

Our office received the formal notification from FEMA that they have approved of the change in scope involving the replacement of the Miami station with multiple low pressure systems. The notification also stated that FEMA will provide an additional \$84,780.00 in funding for a total allowed reimbursement amount of \$462,069.00 which matches our original estimate to rebuild the Miami station to pre-existing conditions.

The increase in funding will require FEMA to process an amendment to the original agreement. No work can be completed until the amendment is completely processed. We are waiting on notification from NJOEM on the timeframe required.

8. **Windsor Lateral and Cleanout Repair**

All work for this contract has been completed.

We have processed a change order for the final adjustment in contract quantities and reducing the overall contract by the amount of -\$2,692.90.

We have recommended a final payment in the amount of \$10,369.75 for the work completed.

9. **English Creek Lateral and Cleanout Repair**

All work for this contract has been completed.

We have processed a change order for the final adjustment in contract quantities and reducing the overall contract by the amount of -\$20,042.20.

We have recommended a final payment in the amount of \$3,057.28 for the work completed.

10. **Greater Zion Park Lateral and Cleanout Repair**

Our office is continuing the process to locate the sanitary cleanouts for the properties located within this project area. Approximately 85% of the nearly 1,200 properties have been investigated.

11. **Trailer Park Pump Station Replacement**

We anticipate having the project ready to publicly bid within 4-6 weeks.

Developer Projects

Extension Applications

None

Connection Applications

1. Joseph G. Rosen

The applicant requested the provision of a sanitary sewer lateral during the construction of the proposed main on North Mount Airy for the vacant property located at Block 5936, Lot 35.

2. Christopher P. Oeser

The applicant requested the provision of a sanitary sewer lateral during the construction of the proposed main on North Mount Airy for the vacant property located at Block 5927, Lot 17.

Change of Use Applications

None

# Egg Harbor Township Municipal Utilities Authority

## Resolution #61 – 2017

**RE:** *Renew Membership in the NJUAJIF*

**WHEREAS**, the Egg Harbor Township Municipal Utilities Authority is a member of the New Jersey Utility Authorities Joint Insurance Fund; and

**WHEREAS**, said renewed membership terminates as of December 31, 2017 unless earlier renewed by agreement the Authority and the fund; and

**WHEREAS**, the Authority desires to renew said membership;

**NOW THEREFORE, be it resolved as follows:**

1. The Egg Harbor Township Municipal Utilities Authority agrees to renew its membership in the New Jersey Utility Authorities Join Insurance Fund for a three (3) year period, beginning January 1, 2018 and ending January 1, 2021.
2. The Board of Commissioners shall be and herby are authorized to execute the agreement to renew membership annexed hereto and made a part hereof and to deliver same to the New Jersey Utility Authorities Joint Insurance Fund evidencing the Authority's intention to renew its membership.

This Resolution agreed to this 20<sup>th</sup> day of September, 2017 by a vote of:

\_\_\_\_\_ Affirmative      \_\_\_\_\_ Negative

I, Theresa Prendergast, Secretary for the Egg Harbor Township Municipal Utilities Authority, do hereby certify that the foregoing Resolution was duly adopted at a regular meeting of the Egg Harbor Township Municipal Utilities Authority held on the 20<sup>th</sup> day of September, 2017 at the Municipal Building, Egg Harbor Township, New Jersey, at 5:30 PM.

---

Theresa Prendergast, Secretary
