## PROCLAMATION

Recognizing May as

# Building Safety Month

**WHEREAS**, our Township is committed to recognizing our growth and strength depends on the safety and economic value of the homes, buildings and infrastructure that serve our citizens, both in everyday life and in times of natural disaster, and

**WHEREAS**, our confidence in the structural integrity of these buildings that make up our community is achieved through the devotion of vigilant guardians—building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers and others in the construction industry—who work year-round to ensure the safe construction of buildings, and

**WHEREAS**, these guardians are dedicated members of the International Code Council, a U.S. based organization, that brings together local, state and federal officials that are experts in the built environment to create and implement the highest-quality codes to protect us in the buildings where we live, learn, work, worship, play, and

**WHEREAS**, our nation benefits economically and technologically from using the International Codes that are developed by a national, voluntary consensus codes and standards developing organization, our government is able to avoid the high cost and complexity of developing and maintaining these codes, which are the most widely adopted building safety and fire prevention codes in the nation; these modern building codes include safeguards to protect the public from natural disasters such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquake; and

**WHEREAS**, Building Safety Month is sponsored by the International Code Council to remind the public about the critical role of our communities' largely unknown guardians of public safety—our local code officials—who assure us of safe, efficient and livable buildings that are essential to keep America great, and

**WHEREAS**, “Building Codes Save Lives” the theme for Building Safety Month 2018, encourages all Americans to raise awareness of the importance of building safe and resilient construction; fire prevention; disaster mitigation, and new technologies in the construction industry. Building Safety Month 2018 encourages appropriate steps everyone can take to ensure that the places where we live, learn, work, worship and play are safe, and recognizes that countless lives have been saved due to the implementation of safety codes by local and state agencies, and

**WHEREAS**, each year, in observance of Building Safety Month, Americans are asked to consider the commitment to improve building safety and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local and state building departments, fire prevention bureaus and federal agencies in protecting lives and property;

**NOW, THEREFORE, BE IT RESOLVED**, that the Mayor and Township Committee of the Township of Egg Harbor, County of Atlantic and State of New Jersey do hereby recognize the month of May 2018 as Building Safety Month.

## Ordinance No. 14

2018

**An ordinance to amend the Code of the Township of Egg Harbor, Chapter 198, specifically Section 198-19, entitled "Performance Guarantee for Improvements to provide for the posting of performance guarantees for subdivision and site plan improvements"**

**BE IT ORDAINED**, by the Township Committee of the Township of Egg Harbor, County of Atlantic and State of New Jersey as follows:

**SECTION 1:** Chapter 198 of the Code of the Township of Egg Harbor, Section 198-19 is hereby amended by deleting it in its entirety and replacing it as follows:

### **§198-19 Guarantees Required.**

- A. Before filing of final subdivision plats or recording of minor subdivision deeds or as a condition of final site plan approval or as a condition to the issuance of a zoning permit, the Township shall require a performance guarantee for the purpose of assuring the installation of certain on-tract improvements.

The Township may require up to ten percent (10%) of the all performance guarantees in cash. The developer has the option to post more than ten percent (10%) in cash or any portion of a required maintenance guarantee in cash.

- B. Types of Performance Guarantees Required.

1. Site Improvement Guarantee.

A guarantee in favor of the Township in an amount not to exceed one hundred twenty percent (120%) of the cost of installation of only those improvements required by an approval or developer's agreement, ordinance, or regulation to be dedicated to a public entity, and that have not yet been installed, which cost shall be determined by the Township engineer, according to the method of calculation set forth in section 15 of P.L.1991, c.256 (C.40:55D-53.4), for the following improvements as shown on the approved plans or plat: streets, pavement, gutters, curbs, sidewalks, street lighting, street trees, surveyor's monuments, as shown on the final map and required by "the map filing law," P.L.1960, c.141 (C.46:23-9.9 et seq.; repealed by section 2 of P.L.2011, c.217) or N.J.S.46:26B-1 through N.J.S.46:26B-8, water mains, sanitary sewers, community septic systems, drainage structures, public improvements of open space, and any grading necessitated by the preceding improvements. The Township engineer shall prepare an itemized cost estimate of the improvements covered by the performance guarantee, which itemized cost estimate shall be appended to each performance guarantee posted by the developer. In the event that other governmental agencies or public utilities automatically will own the utilities to be installed or the improvements are covered by a performance guarantee to another governmental agency, no performance guarantee, as the case may be, shall be required by the Township for such utilities or improvements.

2. Perimeter Buffer Landscaping Guarantee.

A guarantee in favor of the Township to include, within an approved phase or section of a development privately-owned perimeter buffer landscaping, as required by site plan approval or imposed as a condition of approval. At the developer's option, a separate performance guarantee may be posted for the privately-owned perimeter buffer landscaping.

3. Temporary Certificate of Occupancy Guarantee.

In the event that the developer shall seek a temporary certificate of occupancy for a development, unit, lot, building, or phase of development, as a condition of the issuance thereof, the developer shall furnish a separate guarantee, referred to as a "temporary certificate of occupancy guarantee," in favor of the Township in an amount equal to one hundred twenty percent (120%) of the cost of installation of only those improvements or items which remain to be completed or installed under the terms of the temporary certificate of occupancy and which are required to be installed or completed as a condition precedent to the issuance of the permanent certificate of occupancy for the development, unit, lot, building or phase of development and which are not covered by an existing performance guarantee. Upon posting of a "temporary certificate of occupancy guarantee," all sums remaining under a performance guarantee, required pursuant to paragraph (1) of this section, which relate to the development, unit, lot, building, or phase of development for which the temporary certificate of occupancy is sought, shall be released. The scope and amount of the "temporary certificate of occupancy guarantee" shall be determined by the Township engineer. At no time may Township hold more than one guarantee of any type with respect to the same line item. The "temporary certificate of occupancy guarantee" shall be released by the Township engineer upon the issuance of a permanent certificate of occupancy with regard to the development, unit, lot, building, or phase as to which the temporary certificate of occupancy relates.

4. Safety and Stabilization Guarantee.

A developer shall furnish to the Township a "safety and stabilization guarantee," in favor of the Township. At the developer's option, a "safety and stabilization guarantee" may be furnished either as a separate guarantee or as a line item of the site improvement performance guarantee referenced in paragraph 1 of this section. A "safety and stabilization guarantee" shall be available to the Township solely for the purpose of returning property that has been disturbed to a safe and stable condition or otherwise implementing measures to protect the public from access to an unsafe or unstable condition, only in the circumstance that:

- (a) Site disturbance has commenced and, thereafter, all work on the development has ceased for a period of at least sixty (60) consecutive days following such commencement for reasons other than force majeure, and
- (b) Work has not recommenced within thirty (30) days following the provision of written notice by the Township to the developer of the

Township's intent to claim payment under the guarantee. The Township shall not provide notice of its intent to claim payment under a "safety and stabilization guarantee" until a period of at least sixty (60) days has elapsed during which all work on the development has ceased for reasons other than force majeure. The Township shall provide written notice to a developer by certified mail or other form of delivery providing evidence of receipt of the notice.

The amount of a "safety and stabilization guarantee" for a development with bonded improvements in an amount not exceeding \$100,000 shall be \$5,000.

The amount of a "safety and stabilization guarantee" for a development with bonded improvements exceeding \$100,000 shall be calculated as a percentage of the bonded improvement costs of the development or phase of development as follows:

\$5,000 for the first \$100,000 of bonded improvement costs, plus two and a half percent (2.5%) of bonded improvement costs in excess of \$100,000 up to \$1,000,000, plus one percent (1%) of bonded improvement costs in excess of \$1,000,000.

The Township shall release a separate "safety and stabilization guarantee" to a developer upon the developer's furnishing of a performance guarantee which includes a line item for safety and stabilization in the amount required under this paragraph.

The Township shall release a "safety and stabilization guarantee" upon the Township engineer's determination that the development of the project site has reached a point that the improvements installed are adequate to avoid any potential threat to public safety.

C. Types of Maintenance Guarantees Required.

1. Site Improvement Maintenance Guarantee.

Prior to the release of a Site Improvement or Perimeter Buffer Landscaping performance guarantee described in Paragraph B, the developer shall post a maintenance guarantee in an amount not to exceed fifteen percent (15%) of the cost of the installation of the improvements which are being released. The Township may not require any portion of the maintenance guarantee to be posted in cash but the developer has the option to post the maintenance guarantee in cash.

2. Stormwater Management Maintenance Guarantee.

Upon the inspection and issuance of final approval by the Township engineer of the following private site improvements, a separate maintenance guarantee in an amount not to exceed fifteen percent (15%) of the cost of the installation of the following private site improvements related to the stormwater management for the project: stormwater management basins,

in-flow and water quality structures within the basins, and the out-flow pipes and structures of the stormwater management system.

3. The term of all maintenance guarantees shall be for a period of two years and shall automatically expire at the end of the two (2) year period.

D. Procedures for Reductions of Performance Guarantees.

Upon substantial completion of all required street improvements (except for the top course) and appurtenant utility improvements, and the connection of same to the public system, the obligor may request of the Township Committee in writing, by certified mail addressed in care of the Township clerk, that the Township engineer prepare, in accordance with the itemized cost estimate prepared by the Township engineer and appended to the performance guarantee pursuant to Paragraph B of this section, a list of all uncompleted or unsatisfactory completed bonded improvements. If such a request is made, the obligor shall send a copy of the request to the Township engineer. The request shall indicate which bonded improvements have been completed and which bonded improvements remain uncompleted in the judgment of the obligor. Thereupon the Township engineer shall inspect all bonded improvements covered by obligor's request and shall file a detailed list and report, in writing, with the governing body, and shall simultaneously send a copy thereof to the obligor not later than forty-five (45) days after receipt of the obligor's request.

The list prepared by the Township engineer shall state, in detail, with respect to each bonded improvement determined to be incomplete or unsatisfactory, the nature and extent of the incompleteness of each incomplete improvement or the nature and extent of, and remedy for, the unsatisfactory state of each completed bonded improvement determined to be unsatisfactory. The report prepared by the Township engineer shall identify each bonded improvement determined to be complete and satisfactory together with a recommendation as to the amount of reduction to be made in the performance guarantee relating to the completed and satisfactory bonded improvement, in accordance with the itemized cost estimate prepared by the Township engineer and appended to the performance guarantee pursuant to Paragraph B of this section.

The Township Committee, by resolution, shall either approve the bonded improvements determined to be complete and satisfactory by the Township engineer, or reject any or all of these bonded improvements upon the establishment in the resolution of cause for rejection, and shall approve and authorize the amount of reduction to be made in the performance guarantee relating to the improvements accepted, in accordance with the itemized cost estimate prepared by the Township engineer and appended to the performance guarantee pursuant to Paragraph B of this section. This resolution shall be adopted not later than forty-five (45) days after receipt of the list and report prepared by the Township engineer. Upon adoption of the resolution by the governing body, the obligor shall be released from all liability pursuant to its performance guarantee, with respect to those approved bonded improvements, except for that portion adequately sufficient to secure completion or correction of the improvements not yet approved; provided that thirty percent (30%) of the amount of the total performance guarantee and "safety and stabilization guarantee" posted may be retained to ensure completion and acceptability of all improvements. The "safety and stabilization guarantee" shall be

reduced by the same percentage as the performance guarantee is being reduced at the time of each performance guarantee reduction.

For the purpose of releasing the obligor from liability pursuant to its performance guarantee, the amount of the performance guarantee attributable to each approved bonded improvement shall be reduced by the total amount for each such improvement, in accordance with the itemized cost estimate prepared by the Township engineer and appended to the performance guarantee pursuant to Paragraph B of this section, including any contingency factor applied to the cost of installation. If the sum of the approved bonded improvements would exceed seventy percent (70%) of the total amount of the performance guarantee, then the Township may retain thirty percent (30%) of the amount of the total performance guarantee and "safety and stabilization guarantee" to ensure completion and acceptability of bonded improvements, as provided above, except that any amount of the performance guarantee attributable to bonded improvements for which a "temporary certificate of occupancy guarantee" has been posted shall be released from the performance guarantee even if such release would reduce the amount held by the Township below thirty percent (30%).

In the event that the obligor has made a cash deposit with the Township as part of the performance guarantee, then any partial reduction granted in the performance guarantee pursuant to this subsection shall be applied to the cash deposit in the same proportion as the original cash deposit bears to the full amount of the performance guarantee, provided that if the developer has furnished a "safety and stabilization guarantee," the Township may retain cash equal to the amount of the remaining "safety and stabilization guarantee".

If any portion of the required bonded improvements is rejected, the Township Committee may require the obligor to complete or correct such improvements and, upon completion or correction, the same procedure of notification, as set forth in this section shall be followed.

Nothing herein, however, shall be construed to limit the right of the obligor to contest by legal proceedings any determination of the Township Committee or Township engineer.

E. Payments for Professionals Serving Township.

The obligor shall reimburse the Township for reasonable inspection fees paid to the Township engineer for the inspection of improvements; which fees shall not exceed the sum of the amounts set forth in subparagraphs (1) and (2) of this section. The Township may require the developer to post the inspection fees in escrow in an amount:

1. Not to exceed, except for extraordinary circumstances, the greater of five hundred dollars (\$500) or five percent (5%) of the cost of bonded improvements that are subject to a performance guarantee under this section; and
2. Not to exceed five percent (5%) of the cost of private site improvements that are not subject to a performance guarantee under this section, which cost shall be determined pursuant to section 15 of P.L.1991, c.256 (C.40:55D-53.4).

For those developments for which the inspection fees total less than \$10,000, fees may, at the option of the developer, be paid in two installments. The initial amount deposited in escrow by a developer shall be fifty percent (50%) of the inspection fees. When the balance on deposit drops to ten percent (10%) of the inspection fees because the amount deposited by the developer has been reduced by the amount paid to the Township engineer for inspections, the developer shall deposit the remaining fifty percent (50%) of the inspection fees.

For those developments for which the inspection fees total \$10,000 or greater, fees may, at the option of the developer, be paid in four installments. The initial amount deposited in escrow by a developer shall be twenty five percent (25%) of the inspection fees. When the balance on deposit drops to ten percent (10%) of the inspection fees because the amount deposited by the developer has been reduced by the amount paid to the Township engineer for inspection, the developer shall make additional deposits of twenty five percent (25%) of the inspection fees.

If the Township determines that the amount in escrow for the payment of inspection fees, as calculated pursuant to subparagraphs (1) and (2) of this section, is insufficient to cover the cost of additional required inspections, the Township may require the developer to deposit additional funds in escrow provided that the Township delivers to the developer a written inspection escrow deposit request, signed by the Township engineer, which: informs the developer of the need for additional inspections, details the items or undertakings that require inspection, estimates the time required for those inspections, and estimates the cost of performing those inspections.

F. Other Requirements.

1. In the event that final approval is by stages or sections of development pursuant to subsection a. of section 29 of P.L.1975, c.291 (C.40:55D-38), the provisions of this section shall be applied by stage or section.
2. To the extent that any of the improvements have been dedicated to the Township on the subdivision plat or site plan, the Township Committee shall be deemed, upon the release of any performance guarantee required pursuant to Paragraph B of this section, to accept dedication for public use of streets or roads and any other improvements made thereon according to site plans and subdivision plats approved by the approving authority, provided that such improvements have been inspected and have received final approval by the Township engineer.
3. All guarantees shall be approved as to form by the Township solicitor. The developer shall pay for all reasonable fees associated with the review by the Township solicitor.
4. A performance guarantee shall run for a period to be fixed by the Planning Board at the time of approval of a final plat, but in no case for a term of more than two (2) years. However, with the consent of the owner and the surety, if there is one, the Township Committee may, by resolution, extend the term of such performance guarantee for an additional period not to exceed three (3) years. As a condition or as part of any such extension, the amount of any

performance guarantee shall be increased or reduced, as the case may be, to an amount not to exceed one hundred twenty percent (120%) of the cost of the installation, which cost shall be determined by the Township engineer according to the method of calculation set forth in section 15 of P.L.1991, c.256 (C.40:55D-53.4) as of the time of the passage of the resolution.

5. If the required improvements have not been installed in accordance with the performance guarantee, the obligor and surety shall be liable thereon to the Township of Egg Harbor for the reasonable cost of the improvements not installed and, upon the receipt of the proceeds of the performance guarantee, the Township of Egg Harbor shall install such improvements. Such completion or correction of improvements shall be subject to the public bidding requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.). The obligor and surety shall also pay for all reasonable inspection fees in addition to all required improvements.
6. It shall be expressly understood that, notwithstanding the posting of any performance guarantees for a lot in a major subdivision, no certificate of occupancy shall be issued until the developer or subdivider shall have installed the road subbase, road base, curbs, gutters and first course paving as specified in Chapter 94 of the Township Code entitled "Design, Performance and Improvement Standards", and until the underground utilities such as sewer, water, gas, storm drainage lines, electric, telephone and cable television and all other underground work shall have been duly and properly installed. No occupancy permit shall be issued until the subdivider shall have entered into an agreement with the Township to permit municipal forces to enter upon the streets of the subdivision prior to final acceptance of said streets for the purpose of rendering such Township services such as fire and police protection, snow removal, trash collection and any other service as may be deemed necessary for the health, safety and welfare of the residents. No occupancy certificates shall be granted for the final two dwellings until the finished road surface has been installed pursuant to Township specifications and until all other improvements and conditions as may be required by the Planning Board, the Building Subcode Official and the Plumbing Official have been properly installed. Certification that all requirements are met must be provided in writing by the Township Engineer or other designated administrative officer prior to the issuance of such certificate of occupancy.

**SECTION 2:** All ordinances and parts of Ordinances inconsistent with the provisions of this ordinance are, to the extent of such inconsistency, hereby repealed.

**SECTION 3:** Should any section, clause, sentence, phrase or provision of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, such decision shall not affect the remaining portions of this ordinance.

**SECTION 4.** This Ordinance shall become effective immediately upon final adoption and publication according to law.

NOTICE IS HEREBY GIVEN THAT THE FOREGOING ORDINANCE WAS INTRODUCED AT A MEETING OF THE TOWNSHIP COMMITTEE OF EGG HARBOR TOWNSHIP, IN THE COUNTY OF ATLANTIC, STATE OF NEW JERSEY, HELD APRIL 4, 2018 AND WILL BE FURTHER CONSIDERED FOR FINAL

PASSAGE AFTER A PUBLIC HEARING THEREON AT A REGULAR MEETING OF SAID TOWNSHIP COMMITTEE TO BE HELD IN THE TOWNSHIP HALL, IN SAID TOWNSHIP ON MAY 2, 2018.

## Ordinance No. 18

2018

**An ordinance appropriating \$3,565,000 and authorizing the issuance of \$3,090,000 bonds or notes of the Township for various improvements or purposes authorized to be undertaken by the Township of Egg Harbor**

**BE IT ORDAINED**, by the Township Committee of the Township of Egg Harbor, in the County of Atlantic, New Jersey (not less than two thirds of all the members thereof affirmatively concurring), as follows:

**SECTION 1:** The Township of Egg Harbor, in the County of Atlantic, State of New Jersey (hereinafter referred to as "Township") hereby authorizes the improvements and acquisitions described in Section 3(A) of this Bond Ordinance (hereinafter referred to as "Purposes") to be undertaken by the Township as general improvements the costs of which shall be borne by the Township at large. For the Purposes described in Section 3(A) the Township hereby appropriates the sum of \$3,565,000 including the sum of \$475,000 as the down payments required by the Local Bond Law. It is hereby determined and stated that the amount of the down payment is not less than five percent (5%) of the obligations authorized by this Bond Ordinance and that the amount appropriated as a down payment has been made available prior to final adoption of this Bond Ordinance by provisions in prior or current budgets of the Township for capital improvements and down payments, including also monies received from the United States of America, the State of New Jersey or the County of Atlantic, or agencies thereof, as grants in aid of financing said improvements or purposes.

**SECTION 2:** In order to finance the cost of the Purposes not covered by application of the down payments, negotiable bonds are hereby authorized to be issued by the Township in the principal amount of \$3,090,000 pursuant to the Local Bond Law. In anticipation of the issuance of the bonds, negotiable bond anticipation notes are hereby authorized to be issued by the Township pursuant to and within the limitations prescribed by the Local Bond Law.

**SECTION 3:** A. The purposes hereby authorized and for which the bonds are to be issued, the estimated cost of each Purpose and the appropriation therefore, the estimated maximum amount of bonds or notes to be issued for each Purpose and the period of usefulness of each Purpose are as follows:

<b>Purpose</b>	<b>Appropriation and Estimated Cost</b>	<b>Estimated Maximum Amount of Bonds or Notes</b>	<b>Period or Average Period of Usefulness</b>
Road Improvement Program	\$1,400,000	\$1,250,000	10 Years
Fire Department Vehicles/Equipment	\$850,000	\$750,000	10 Years
Public Works Vehicles/Equipment	\$575,000	\$500,000	15 Years
Recreation Improvements	\$300,000	\$250,000	10 Years
Computers	\$120,000	\$90,000	5 Years
Police Department Vehicles/Equipment	\$115,000	\$90,000	15 Years
Communication Equipment	\$80,000	\$55,000	7 Years
Ambulance Vehicles/Equipment	\$50,000	\$40,000	10 Years
Office Furniture/Equipment	\$50,000	\$40,000	5 Years
Section 20 Costs	\$25,000	\$25,000	
<b>Totals</b>	<b>\$3,565,000</b>	<b>\$3,090,000</b>	<b>10.59 Years</b>

B. The excess of the appropriation made for each of the aforesaid Purposes over the estimated maximum amount of bonds or notes to be issued therefore, as above stated, namely an aggregate amount of \$475,000 is the amount of the down payments for said Purposes.

C. The estimated cost of each Purpose is equal to the amount of the appropriation herein made therefore.

**SECTION 4:** All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer, provided that no note shall mature later than one year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with notes issued pursuant to this bond ordinance, and the Chief Financial Officer's signature upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 40A:2-8(a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers therefore upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

**SECTION 5:** The Township hereby certifies that it has adopted a capital budget. The applicable capital budget of the Township is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Township Clerk and available for public inspection.

**SECTION 6:** The following additional matters are hereby determined, declared, recited and stated:

A. The Purposes described in Section 3(A) of this bond ordinance are not current expenses. They are improvements and an acquisition that the Township may lawfully undertake as capital projects and general improvements, and no part of the cost hereof has been or shall be specially assessed on property specially benefitted thereby.

B. The period of usefulness of the Purposes within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 10.59 years.

C. The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Township Clerk, and an executed copy has been electronically signed and filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the Township as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided for in this bond ordinance by \$3,090,000. The obligations authorized herein will be within all debt limitations prescribed by the Local Bond Law.

D. Amounts not exceeding twenty five thousand dollars (\$25,000) in the aggregate for interest on said obligations, costs of issuing said obligations, architectural,

engineering and inspection costs, legal expenses, a reasonable proportion of the compensation and expenses of employees of the Township in connection with the acquisition of such improvements and property as authorized herein, and other items of expense listed in and permitted under Section 40A:2-20 of the Local Bond Law have been included as part of the costs of said improvements and are included in the foregoing estimates thereof.

**SECTION 7:** Any funds received from the County of Atlantic, the State of New Jersey or the United States of America, or any of their agencies, shall be applied either to the direct payment of the cost of such Purposes, or to the payment of the bonds or bond anticipation notes issued pursuant to this bond hereunder and shall be reduced to the extent that such funds are so applied.

**SECTION 8:** The Township intends to finance the cost of the Purposes with an issue of tax-exempt bonds or bond anticipation notes in an amount not to exceed \$3,090,000. Costs of the Purposes that are properly payable prior to the issuance of the bonds or notes are reasonably expected to be paid initially from revenue. Revenues are available for this purpose only on a temporary and short-term basis pursuant to the budget of the Township, and there are no other funds available for this purpose on a long-term basis. The Township intends to reimburse itself for such costs from the proceeds of its bonds or notes. No cost of the Purposes to be reimbursed with the proceeds of bonds or notes is a cost of working capital. This public notice is a declaration of official intent pursuant to Treasury Regulations §1.103-18 of the United States Treasury.

**SECTION 9:** The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the bonds or bond anticipation notes authorized by this bond ordinance, and the amounts required for such payments shall in each year, while any of said bonds or notes are outstanding, be included in the annual budget. The bonds or notes shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereof without limitation as to rate or amount.

**SECTION 10:** This bond ordinance shall take effect twenty (20) days after the first publication hereof after final adoption, as provided by the Local Bond Law.
