	James J. McCullough	present

Mayor McCullough announced Committeeman Cafero would not be in attendance due to a recent medical procedure and that Administrator Miller would be arriving momentarily.

Also in attendance were Solicitor Friedman, Engineer Mott and Township Clerk Tedesco.

Meeting with Township Engineer Mott

Engineer Mott reported on the status of the 2016 Road Program; there was some minor setbacks related to foul weather, but most of the drainage work has now been completed. Public Works was unable to handle the scope of work needed for the projects at Olivia Drive and Fernwood Avenue, so the engineer's office will oversee their completion. Minor concrete work is scheduled to correct the drainage issues at the intersection of Asbury and Pine Avenues and tree-trimming is set to begin this Friday on Old Zion Road. All jobs are expected to be substantially complete by next week.

Mayor McCullough said it did not appear that the gas bill will be passed. Engineer Mott referred to Resolution 387 listed on the Supplemental Agenda to award contract for FY2016 Municipal Aid – Reconstruction of Ridge Avenue Phase III – Contract No. 88 to Arawak Paving Co. He explained authorization to proceed can be withheld until appropriate. Mr. Mott anticipates this project will be complete by the end of the Fall season. Engineer Mott also advised his office has received complaints about the condition of Fernwood Avenue off of Mill Road associated with the Mill Road Farms sub-division. He reported the contractor was contacted and has started milling Fernwood Avenue for about 800 feet North of Mill Road to correct the issues. Work is expected to be completed by Friday.

Township Administrator Miller arrived at 5:04 p.m. and advised that he was late to arrive at the meeting as he presented Mary Walton, Join Together Atlantic County with the proclamation recognizing and proclaiming October 6, 2016 as Knock Out Opiate Abuse Day in the Township of Egg Harbor listed on the agenda. Mr. Miller also advised that it would not be necessary to conduct a Closed Session meeting this evening.

New Business

Malibu Beach Wildlife Area

Mayor McCullough provided a brief history of the property ownership explaining it went from private ownership to the State of New Jersey under the Department of Environmental Protection (NJDEP) in 2004. The state made an agreement with the Cape May County Bridge Commission to provide trash removal. They recently ceased to provide services after their trash cans were stolen. Shortly thereafter, Mayor McCullough was contacted by a reporter for the Philadelphia Inquirer who thought the township was responsible for providing trash service and was upset to find debris piling up at this location. Mayor McCullough said he feels the township is fulfilling our responsibility to dog owners by supporting the construction of a dog park. Committeewoman Pfrommer advised she recently visited the site and the trash was out of control. She commented trash cans are provided at the adjacent fishing pier. Administrator Miller said the Cape May County Bridge Commission services those cans and that the Atlantic and Cape May County Board of Health are now involved with this matter. Egg Harbor Township's position has been the NJDEP needs to address the situation. Mayor McCullough said the Downbeach Current reporter recently contacted him asking if the township would takeover trash removal. He said Egg Harbor Township is not interested and suggested the NJDEP supply trash cans and the New Jersey Department of Transportation (NJDOT) be responsible for removal. The general consensus was this matter needs to be addressed by the NJDEP.

Tiered-Network Incentive Program

Administrator Miller referred to Resolution 390 from the Supplemental Agenda which is a resolution for local employers to offer an incentive under the State Health Benefits Program. During Open Enrollment which is scheduled to begin shortly, this optional plan offers employees a lower premium than most of the other plans, but also provides less coverage.

Status of Projects

Administrator reported on Recreation projects including the Tony Canale Park bathrooms which require installation of a handicap ramp. The ramp is expected to be built within the next two weeks. The soccer club has an event scheduled for October 21st at this location, however it is unknown if the water connections can be made prior to the event date. Also, our architect for the amphitheater project will be working with a potential contractor, Polygon on plans to construct a roof within the township's \$150,000 budget. Additionally, the BMX track project is expected to be finished by the end of this week. The track is quite impressive and well regarded by the BMX community. Mr. Miller reported the Field 3 Dugouts at Childs-Kirk Park have been demolished and are expected to be completed by the end of the month. Committeewoman Pfrommer questioned plans to expand the

football fields. Mr. Miller advised there has not been any progress, but he anticipates addressing this issue within the next few months.

In an unrelated matter, Committeeman Finnerty commented the Walmart project is moving along quickly. Administrator Miller said traffic signals and road widening work is expected to be done before the first snow with the store opening before the beginning of the next school year.

Committeewoman Pfrommer expressed concerns over traffic at Fire Road and Hingston Avenue with the opening of Walmart. Administrator Miller said Atlantic County is committed to placing a light at this location in conjunction with this project. Resolution 386 listed on the agenda will authorize the Mayor and Township Clerk to execute an Agreement with New Jersey Department of Transportation for a traffic signal at Route 40 and Oak Tree Drive.

Best Practices

Administrator Miller advised the state issued their Best Practices list last week. The township has 30 days to complete and the governing body is required to review it before submitting. This year the number of questions was reduced from 50 to 30. However, the rules have changed and for every question not answered yes, the municipality will lose that percent from their state aid. One issue the township needs to address is to establish a written policy requiring the Tax Assessor to notify the governing body of tax appeals by June 1 annually. The township operates in this fashion, but Mr. Miller is unsure if that is sufficient since it is not a written policy. Resolution 389 is listed tonight to establish a policy for tax appeal notification. Another question that cannot be answered, yes and requires the committee's direction concerns terminal leave for non-contractual employees. In 1995, Egg Harbor Township capped terminal leave at \$5,000 for employees hired after July 1, 1995. Mr. Miller recommends our ordinance be amended so that anyone hired after July 1, 2016 is not eligible for terminal leave. This will make the township compliant with terminal leave requirements. Best Practices also requires the Township Committee to meet annually with the Municipal Utilities Authority (MUA) to discuss taking over the authority. Mr. Miller said he does not feel there would be a significant savings to the township if they took over the MUA. They run efficiently, have their own bonding capacity and the only savings would be elimination of one position. A meeting will be scheduled with the MUA as required.

Egg Harbor Township Municipal Utilities Authority

Nathan Davis's last day on the MUA will be October 31, 2016. The Mayor commented a resolution will need to be listed on the next Township Committee resolution to fill his position.

Other Business

Administrator Miller said all items on the Supplemental Agenda have been reviewed except for Resolution 388 which authorizes a Change Order to increase the award for about \$500 to upgrade the toilet fixture to a high flow toilet and upgrade the electric panel for the bathroom at Tony Canale Park.
