

Greater Zion Park Video Inspection

Beginning November 9, 2016, please be advised that the Egg Harbor Township Municipal Utilities Authority will be undertaking the jetting and video inspection of the sanitary sewer mains in the area of Greater Zion Park; this project will continue for several weeks. The EHTMUA will be using American Pipe Services to complete the work, so you may see their vehicles parked in the center of the roadways as they work. Please proceed around them with caution.

The Greater Zion Park area includes neighborhoods adjacent to Zion Road between Ocean Heights Avenue and Evergreen Avenue, and neighborhoods adjacent to Robert Best Road, from Zion Road to Vella La Vella Lane.

If you have any questions please contact the Egg Harbor Township Municipal Utilities Authority at 609-926-2671.
